THE PROBLEM

Competitor intel is *broken*.

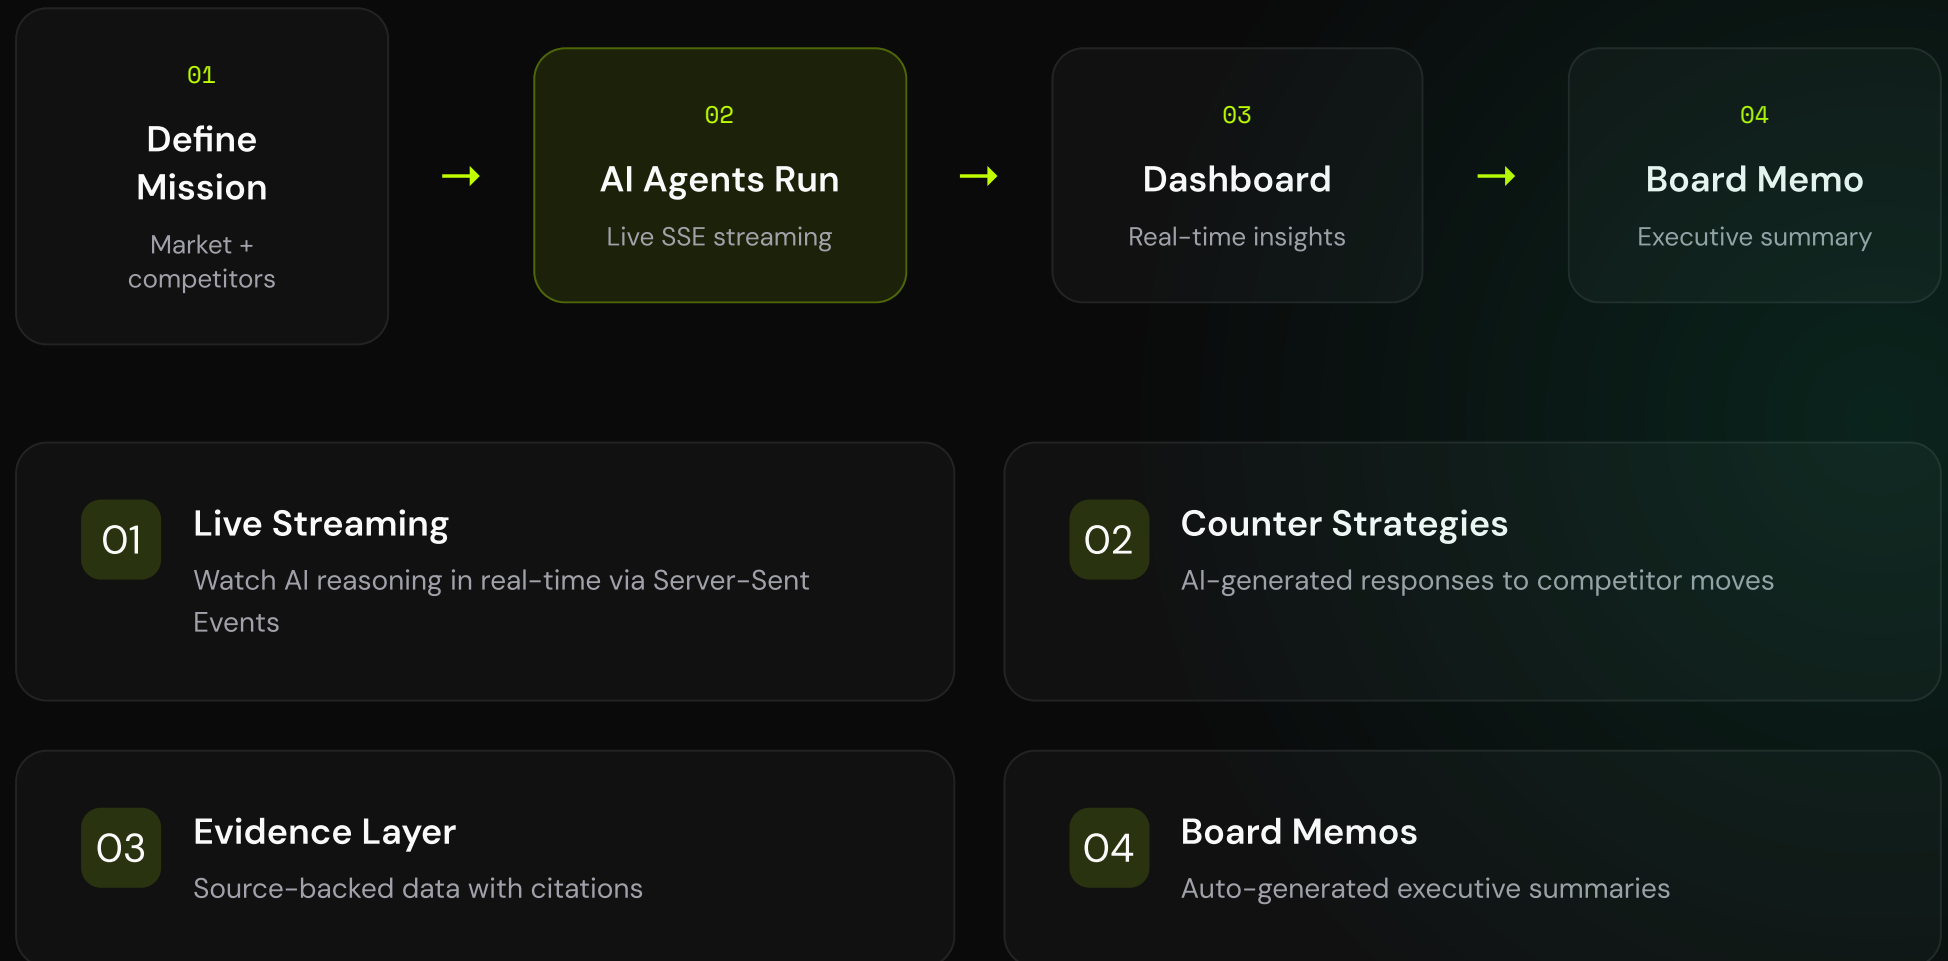

- ✗ Scattered across 10+ sources (news, social, job boards, reviews)
- ✗ Manual research = outdated by the time it reaches decision-makers
- ✗ No synthesis = raw data, not strategic recommendations

OUR SOLUTION

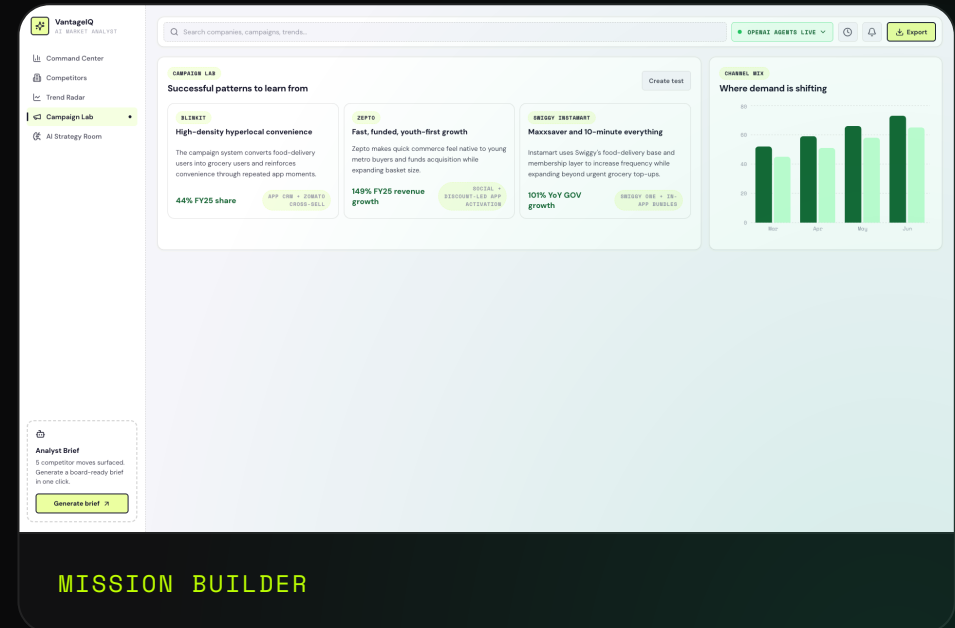

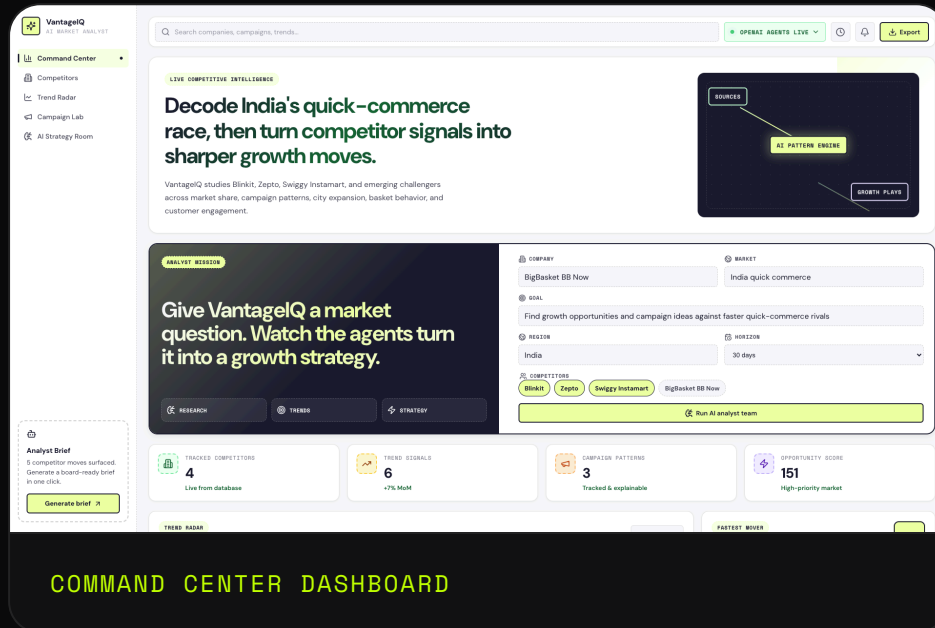

AI agents that *think* like strategists.

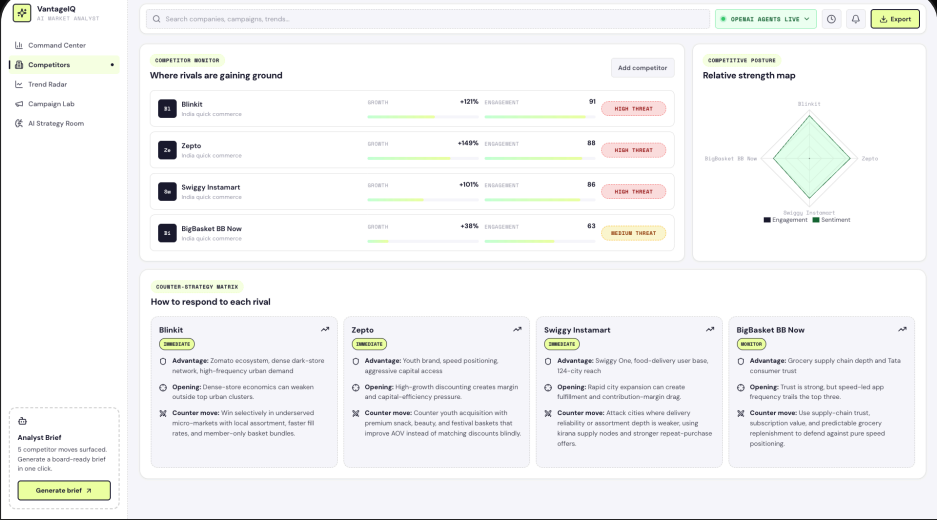

- ◆ **Research Agent** — Gathers market signals
- ◆ **Trend Agent** — Identifies patterns & momentum
- ◆ **Campaign Agent** — Analyzes competitor moves
- ◆ **Strategy Agent** — Generates counter-plays

Define mission. *Watch AI work.*

See it *in action.*

Intelligence at the speed of *competition.*
